

**Elizabeth K. Mallott, Ph.D.**

Department of Biological Sciences • Vanderbilt University

465 21<sup>st</sup> Avenue S • Nashville, TN 37232

Phone: 301-760-9525 • Email: [elizabeth.mallott@vanderbilt.edu](mailto:elizabeth.mallott@vanderbilt.edu)

## Education

PhD 2016 University of Illinois at Urbana-Champaign, Urbana, IL  
Biological Anthropology

BA	2006	Grinnell College, Grinnell, IA Biology, with Honors Music, with Honors
----	------	--

## Academic Appointments

2022-present Assistant Professor, Department of Biology, Washington University in St. Louis  
(incoming July 2022)

2020-2022 Postdoctoral Fellow, Department of Biological Sciences and Vanderbilt Microbiome Innovation Center, Vanderbilt University, Supervisor: Dr. Seth Bordenstein

2019-2020      Visiting Lecturer, Department of Anthropology, Dartmouth College

2016-2020      Postdoctoral Fellow, Department of Anthropology, Northwestern University,  
Supervisor: Dr. Katherine Amato

## Grants and Awards

### *External Grants*

2019 CIFAR Catalyst Fund (PIs: H. Poinar and K. Amato): “Influence of the Neolithic transition on fiber fermentation in the human gut microbiome” (Role: writing and research design; \$45,380)

2019 American Association of Physical Anthropologists Cobb Professional Development Grant: “Contributions of the gut microbiome to reproductive health in female primates” (Role: PI; \$7,500)

2017      Leakey Foundation Research Grant: “Response of primate gut microbiome function to increased faunivory” (Role: Co-PI, with K. Amato; \$24,973)

2017 International Primatological Society Research Grant: “Do white-faced capuchins use preferred partners to mitigate foraging costs associated with color vision phenotypes?” (Role: PI; \$1,190)

2013 Lewis and Clark Fund for Exploration and Field Research Grant: “The influence of

insect availability on diet and social network dynamics in white-faced capuchins monkeys (*Cebus capucinus*)” (Role: PI; \$5,000)  
 2011-2014 National Science Foundation Graduate Research Fellowship (\$127,500)

### ***Internal Grants***

2020 Claire Garber Goodman Fund Faculty Research Grant (\$960)  
 2020 Rockefeller Center Faculty Classroom Enhancement Grant (\$419)  
 2018 Postdoctoral Professional Development Travel Award, NU (\$500)  
 2015 Department of Anthropology Fall Block Grant, UIUC (\$12,500)  
 2014 Beckman Institute CS/AI Award, UIUC (\$2,000)  
 2014 Graduate College Conference Travel Award, UIUC (\$325)  
 2013 Beckman Institute CS/AI Award (\$2,000)  
 2012 Department of Anthropology Summer Research Assistance Award (\$2,191)  
 2011 Department of Anthropology Summer Research Assistance Award (\$1,486)  
 2011 Tinker Field Research Grant (\$1,500)

### ***Awards***

2016 American Association of Anthropological Genetics’ Outstanding Trainee  
 Presentations in Anthropological Genetics Poster Prize at the AAPA annual meeting  
 2016 Demetri B. Shimkin Award for a superior paper in anthropology, Department of  
 Anthropology, UIUC  
 2012 George A. Beslow Award in Anthropology and Sociology, Department of  
 Anthropology, UIUC

## **Publications**

---

### ***Journal Articles***

*In revision* R Martínez-Mota, N Righini, **EK Mallott**, R Palme, KR Amato. Environmental stress and the primate microbiome: Glucocorticoids contribute to structure gut bacterial communities of black howler monkeys in anthropogenically disturbed forest fragments. *Frontiers in Microbiology*.

*In revision* J Li<sup>†</sup>, RHG Markowitz<sup>†</sup>, AW Brooks<sup>†</sup>, **EK Mallott**<sup>†</sup>, BA Leigh, T Olszewski, H Zare, M Bagheri, HM Smith, KA Frieze, I Habibi, WM Lawrence, CL Rost, A Lédeczi, AM Eeds, JF Ferguson, HJ Silver, SR Bordenstein. Ethnicity dominates a short-term dietary intervention in shaping microbiomes and viromes. *PLoS Biology*.  
 • <sup>†</sup>Co-first authors

*In revision* O Chioma<sup>†</sup>, **EK Mallott**<sup>†</sup>, L Hesse, A Chapman, JC Van Amburg, H Wu, B Shah-Gandhi, TP Torres, M Kirkland, M Byndloss, MB Piazuelo, J Johnson, GR Bernard, SR Bodduluri, S Davison, H Bodduluri, SR Bordenstein, W Drake. Gut microbiota modulates lung fibrosis severity following acute lung injury. *Communications Biology*. DOI: [10.21203/rs.3.rs-622623/v1](https://doi.org/10.21203/rs.3.rs-622623/v1).

- †Co-first authors

- In press* **EK Mallott**, LH Skovmand, PA Garber, KR Amato. The gut metabolome of black howler monkeys (*Alouatta pigra*) varies in response to seasonal dietary changes. *Molecular Ecology*.
- In press* T Cepon-Robins, **EK Mallott**, I Recca, T Gildner. Exploring biocultural determinants of intestinal health: Do resource access and parasite exposure contribute to intestinal inflammation among a preliminary sample of children in rural Mississippi? *American Journal of Biological Anthropology*.
- 2022 AL Severson, BF Byrd, **EK Mallott**, AC Owings, M DeGiorgio, A de Flamingh, C Nijmeh, M Arellano, A Leventhal, N Rosenberg, RS Malhi. Ancient and modern genomics of the Ohlone Indigenous population of California. *Proceedings of the National Academy of Sciences*. 119: e2111533119. ## Teaching Experience

---

### Vanderbilt University, Vanderbilt Microbiome Initiative

#### *Instructor*

2020-present Microbiome Analysis Workshop Series

### Dartmouth College, Department of Anthropology

#### *Lecturer*

2020 Anthropology 20: Primate Evolution and Ecology  
2020 Anthropology 62: Health and Disease in Evolutionary Perspective  
2019 Anthropology 06: Introduction to Biological Anthropology  
2019 Anthropology 50.29: Paleogenomics – Ancient Human Health, Migration & Diversity

### Northwestern University, Department of Anthropology

#### *Lecturer*

2019 Anthropology 390: Microbiome Analysis  
Co-taught with Dr. Katherine Amato  
2018 Anthropology 390: Ancient Health and Migration

### University of Illinois at Urbana-Champaign, Department of Anthropology

#### *Instructor*

2016 Anthropology 143: Biology of Human Behavior

#### *Teaching Assistant*

2016 Anthropology 278: Climate Change and Civilization  
Supervisor: Dr. Lisa Lucero  
2014 Anthropology 102: Human Origins and Culture  
Supervisors: Dr. Laura Shackelford and Dr. Lisa Lucero  
2011-2014 Anthropology 445: Research in Bioanthropology (Field Course)  
Supervisor: Dr. Paul Garber

### *Advising and Mentorship*

#### *Graduate*

2020-2022 Rob Markowitz, *Vanderbilt University*  
2019-2022 Negin Valizadegan, *University of Illinois at Urbana-Champaign* (PhD committee member)  
2019 Manuel Fonseca, *Universidad de los Andes* (MA external evaluator)

### *Post-graduate*

2016-2017	Brandy Parker, <i>Northwestern University</i> (lab methods and bioinformatic analyses)
2013-2014	Liz Rasheed, <i>La Suerte Biological Field Station</i> (behavioral/ecological field methods)
2013-2014	Michaela Snead, <i>La Suerte Biological Field Station</i> (behavioral/ecological field methods)
2013-2014	Cindy Taylor, <i>La Suerte Biological Field Station</i> (behavioral/ecological field methods)

### *Undergraduate*

2021-2022	Peter Podar, <i>Vanderbilt University</i> (bioinformatic analyses)
2018-2020	Peter Finnegan, <i>Northwestern University</i> (lab methods and bioinformatic analyses, Academic Year Undergraduate Research Grant recipient)
2018-2019	Nicolette McManus, <i>Northwestern University</i> (lab methods and bioinformatic analyses, Summer and Academic Year Undergraduate Research Grant recipient)
2018-2019	Imogene Asa, <i>Northwestern University</i> (lab methods and bioinformatic analyses, Summer Year Undergraduate Research Grant recipient)
2018	Amy Yalcin, <i>Northwestern University</i> (lab methods)
2017-2018	Tara Mittelberg, <i>Northwestern University</i> (lab methods)
2016-2017	Jeff Frankel, <i>Northwestern University</i> (lab methods)
2014-2015	Elizabeth Clausing, <i>University of Illinois at Urbana-Champaign</i> (lab methods)

### ***Pedagogical Training***

2017	Inclusive Teaching Workshop, Center for the Integration of Research, Teaching, and Learning, Northwestern University
2017	Evidenced-Based Strategies for Implementing Group Work, Searle Center for Advanced Teaching and Learning, Northwestern University
2017	Mentored Discussions of Teaching, Center for the Integration of Research, Teaching, and Learning at Northwestern, Northwestern University
2014	Graduate Academy for College Teaching, Center for Innovation in Teaching and Learning, University of Illinois at Urbana-Champaign

## **Published Abstracts and Conference Presentations**

---

### ***Invited Lectures and Conference Presentations***

Apr 2022	European Congress of Clinical Microbiology and Infectious Disease annual meeting, <i>Pathogen competition and co-evolution in the microbiome</i> symposium, Lisbon, Portugal
Mar 2022	Department of Anthropology, University of California Santa Barbara
Mar 2022	Microbiome Centers Consortium Seminar Series
Feb 2022	Department of Biology, Washington University in St. Louis
Feb 2022	Department of Anthropology, University of North Carolina Chapel Hill
Feb 2022	Department of Anthropology, Tulane University
Dec 2021	Department of Biology, American University
Mar 2021	Department of Biology, University of North Carolina Chapel Hill
Feb 2020	Department of Anthropology, University of Minnesota
Feb 2020	Department of Anthropology, Boston University

Nov 2019	Program in Bioinformatics, Loyola University Chicago
Aug 2019	International Society for Evolution, Medicine, and Public Health annual meeting, <i>Microbiome and neurologic disease risk</i> symposium, Zurich, Switzerland
Jan 2019	Department of Anthropology, Kent State University
Sep 2018	Department of Archaeology, University of Cambridge
Apr 2018	Evolutionary Medicine Society, Loyola Stritch Medical School
Feb 2018	Department of Biology, University of Nebraska Omaha
Dec 2017	Department of Anthropology, University of North Carolina at Charlotte
Apr 2015	American Association of Physical Anthropology annual meeting, <i>Thinking Anthropologically about Genetics</i> symposium, St. Louis, MO
Jan 2014	Applied Genomics in Anthropological Research Workshop, San Antonio, TX

- 2015 **EK Mallott**, E Clausing\*, RS Malhi. Use of high-throughput sequencing to investigate white-faced capuchin prey choice. *American Journal of Physical Anthropology* 156(S60): 212.
- 2014 **EK Mallott**. Influence of fruit and invertebrate availability on patterns of spatial association in white-faced capuchin monkeys (*Cebus capucinus*) in northeastern Costa Rica. *American Journal of Primatology* 76(S1): 75.
- 2014 **EK Mallott**. Influence of variation in arthropod availability on the foraging ecology of white-faced capuchin monkeys (*Cebus capucinus*). *American Journal of Physical Anthropology* 153(S58): 175.

- 2013 PA Garber, **EK Mallott**, and RS Malhi. Analysis of fecal DNA to identify insects consumed by wild saddleback tamarins (*Saguinus fuscicollis weddelli*) in Bolivia. *American Journal of Primatology* 75: 74.
- 2012 **EK Mallott**. Influences of natural and anthropogenic landscape features on ranging patterns of white-faced capuchins (*Cebus capucinus*). *American Journal of Physical Anthropology* 147(S54): 201.
- 2010 **EK Mallott**, NA Bowling, CS Ionica, EA Kerschner, ML Miller, MFSX Novak, KL Robbins, and SJ Suomi. Effect of number of close relatives on infant developmental milestones in socially housed *Macaca mulatta*. *American Journal of Primatology* 72(S1): 58.
- 2010 JC Songrady, MFSX Novak, AM Ruggiero, **EK Mallott**, NA Bowling, ML Miller, EA Kerschner, K Synnestvedt, SJ Suomi. Temperament development and sex differences in rhesus macaque infants (*Macaca mulatta*) across different testing environments. *American Journal of Primatology* 72(S1): 53.
- 2009 NA Bowling, **EK Mallott**, MFSX Novak, ML Miller, GP Sackett, SJ Suomi, KL Robbins, CS Ionica. Differential pregnancy experiences and postnatal outcomes may indicate individual differences in fetal responses to maternal psychological challenge in rhesus macaques (*Macaca mulatta*). *American Journal of Primatology* 71(S1): 46.
- 2008 **EK Mallott**, MFSX Novak, KL Robbins, CS Ionica, ML Miller, EA Kerschner, and SJ Suomi. Development of infant-mother independence in *Macaca mulatta* housed in modified nuclear-family housing. *American Journal of Primatology* 70(S1): 33.

### ***Conference Presentations***

\*Denotes undergraduate student mentee

+Denotes graduate student mentee

- 2020 **EK Mallott**. Diet and the gut microbiome of platyrrhine monkeys. Presented at the Mammalian Microbiome Seminar (virtual postdoc-organized conference).
- 2019 **EK Mallott**. Patterns of phylosymbiosis in primate gut microbiomes and metabolic disease risk. Presented at the Evolutionary Medicine Symposium, Dartmouth College, Hanover, NH.
- 2019 **EK Mallott**, ML Bergstrom, S Kawamura, L Fedigan, AD Melin. A test of the mutual benefit of association hypothesis for maintaining color vision polymorphisms in wild white-faced capuchins. Presented at the American Society of Primatologists, Madison, WI.
- 2019 **EK Mallott**, KR Amato. Variation in butyrate-production pathways across human and nonhuman primates. Presented at the Gordon Research Conference on Ecological and Evolutionary Genomics, Manchester, NH.

- 2019 **EK Mallott**, KR Amato. Variation in butyrate-production pathways across human and nonhuman primates. Presented at the Congress on Gastrointestinal Function, Chicago, IL.
- 2018 **EK Mallott**, KR Amato. The microbial reproductive ecology of white-faced capuchins (*Cebus capucinus*). Presented at the Maternal Infant Microbiome Symposium, University of Chicago, Chicago, IL.
- 2017 **EK Mallott**, PA Garber, RS Malhi, KR Amato. Relationship between reproductive status and gut microbial composition in white-faced capuchins (*Cebus capucinus*). Presented at the Midwest Primate Interest Group meeting, Northwestern University, Evanston, IL.
- 2016 **EK Mallott**, PA Garber, RS Malhi. Vertebrate predation in white-faced capuchin monkeys (*Cebus capucinus*). Poster presented at the International Primatological Society meeting, Chicago, IL.
- 2015 **EK Mallott**, PA Garber, RS Malhi. Dietary correlates of gut microbiome composition in white-faced capuchins (*Cebus capucinus*). Presented at the Midwest Primate Interest Group meeting, Fontbonne University, St. Louis, MO.
- 2015 **EK Mallott**, PA Garber, RS Malhi. Integrating DNA barcode data with behavioral and ecological data in a study of white-faced capuchin faunivory. Presented at the 6th International Barcode of Life Conference, Guelph, ON.
- 2014 **EK Mallott**, E Clausing\*, RS Malhi. Use of high-throughput sequencing to determine animal prey present in the diet of wild white-faced capuchin monkeys (*Cebus capucinus*). Presented at the Midwest Primate Interest Group meeting, University of Wisconsin, Madison, WI.
- 2012 **EK Mallott**, RS Malhi. Use of a fecal DNA sequencing technique to determine the composition of wild nonhuman primate diets. Presented at the Midwest Primate Interest Group meeting, Northern Illinois University, DeKalb, IL.
- 2011 **EK Mallott**. Patterns of travel route and feeding site use in white-faced capuchins (*Cebus capucinus*). Presented at the Tinker Workshop, University of Illinois at Urbana-Champaign, Champaign, IL.
- 2011 **EK Mallott**. Patterns of travel route and feeding site use in white-faced capuchins. Poster presented at the Midwest Primate Interest Group meeting, Kent State University, Kent, OH.
- 2005 **EK Mallott**, M Heavner. Nightly foraging patterns of bats on Prince of Wales Island, Alaska. Poster presented at the North American Symposium on Bat Research, Sacramento, CA.

## Research Experience

---

### *Field and Lab Experience*

- 2013-2014      La Suerte Biological Field Station, Costa Rica  
Foraging behavior and ecology of wild white-faced capuchin monkeys (*Cebus capucinus*)
- 2011            La Suerte Biological Field Station, Costa Rica  
Habituation and ranging behavior of wild white-faced capuchin monkeys (*Cebus capucinus*)
- 2007-2010      Intramural Research Training Fellow, National Institute of Child Health and Development, National Institutes of Health  
Mother-infant interactions and cognitive development of captive Rhesus macaques (*Macaca mulatta*) (supervisors: Dr. Stephen Suomi and Dr. Matthew Novak)
- 2007            Marojejy National Park, Madagascar, field assistant  
Lemur population survey (supervisor: Dr. Erik Patel)
- 2007            Department of Wildlife and Fisheries, Mississippi State University, field assistant  
Small mammal mark-recapture and vegetation surveys (supervisor: Dr. Ray Igley)
- 2006            Salt Plains National Wildlife Refuge, intern  
Population monitoring of several bird, reptile, and mammal species
- 2005            NSF Research Experiences for Undergraduates program, University of Alaska Southeast  
Bioacoustical monitoring of bats (advisor: Dr. Matthew Heavner)

## Service

---

### *Outreach*

- 2018-2019      NU Morning Mentors Program, Evanston, IL.
- 2017-2018      Judge, Poster Presentation Competition, Computational Research Day, Northwestern University.
- 2017            STEM Professional, Project Exploration Sisters4Science program, Chicago, IL.
- 2017            Volunteer, Expanding Your Horizons Workshop, Chicago, IL.
- 2011-2016      Environmental education volunteer, Champaign County Forest Preserve District.
- 2014-2016      Volunteer, Fruit Forensics program, Champaign Public Library.

### *Professional Societies*

American Society of Primatologists, 2007-present  
American Association of Physical Anthropologists, 2010-present  
American Association of Anthropological Genetics, 2013-present  
International Primatological Society, 2018-present  
International Society of Evolutionary Medicine and Public Health, 2019-present

## ***Conferences/Meeting/Workshop Organization***

2021-present Member, Microbiome Center Consortium Seminar Series Committee  
2017 Co-organizer (with K. Amato and S. Rosenbaum), Midwest Primate Interest Group annual meeting, Northwestern University, Evanston, IL

## ***Reviewer for***

*Journals:* American Journal of Physical Anthropology, American Journal of Primatology, Animal Behaviour, Animal Microbiome, Current Zoology, eLife, Environmental Microbiology, International Journal of Primatology, Molecular Ecology, mSystems, Nature Communications, PeerJ, PLoS One, Proceedings of the Royal Society B, Wildlife Research

*Grants:* National Science Foundation, The Leakey Foundation, FWF Austrian Science Fund

## ***Media Appearances***

Capuchin Monkeys: Children of the Rainforest, On-camera Scientific Expert, Animal Planet Canada

## **Languages and Technical Skills**

---

French – high proficiency in speaking, reading and writing.

Studied abroad at L'Université de Nantes, France, January 2005 to May 2005

Spanish – intermediate proficiency in speaking, reading and writing.

Proficient in R, working knowledge of Python.

Knowledge of AdapterRemoval, ANGSD, Anvi'o, ArcGIS, bammds, BEDtools, BioBakery suite, BLAST, Bowtie, BWA, Geneious, HMMER3, MapDamage, MEGAHit, MEGAN, Microsoft Office Suite, QIIME, PEAR, SAMTOOLS, SAS, SOCPROG, Trimmomatic, UCINET, USEARCH, Xander.

Experience with DNA extraction (modern and ancient), host DNA depletion, primer design, restriction enzyme digestion, PCR, DNA library construction for shotgun sequencing, mitogenome capture, whole genome capture, methyl capture, high-throughput DNA sequencing, metabolite extraction.
