

Elizabeth K. Mallott, Ph.D.

Department of Biology • Washington University in St. Louis

1 Brookings Dr • St. Louis, MO 63130

Phone: 314-935-2058 • Email: mallott@wustl.edu

Website: <https://mallott-lab.github.io>

Professional Positions

2022-present	Assistant Professor, Department of Biology, Washington University in St. Louis
2020-2022	Postdoctoral Fellow, Department of Biological Sciences and Vanderbilt Microbiome Innovation Center, Vanderbilt University, Supervisor: Dr. Seth Bordenstein
2019-2020	Visiting Lecturer, Department of Anthropology, Dartmouth College
2016-2020	Postdoctoral Fellow, Department of Anthropology, Northwestern University, Supervisor: Dr. Katherine Amato

Education

PhD	2016	University of Illinois at Urbana-Champaign, Urbana, IL Biological Anthropology
BA	2006	Grinnell College, Grinnell, IA Biology, with Honors Music, with Honors

Funding

Current Support

Governmental

NIH 1R35GM157055-01: Maximizing Investigators Research Award (MIRA) for Early Stage Investigators: Investigating the mechanisms driving host-associated microbial community dynamics. PI: EK Mallott. Total: \$1,943,750 (\$1,943,750 my lab). September 2025-July 2030.

NSF GCR 2523966: Growing Convergence Research (GCR): A convergent framework for predicting flood-driven health risks in vulnerable U.S. communities. PI: TE Gildner (A&S Anthropology); co-PIs: EK Mallott, C Masteller (A&S Earth, Environmental, and Planetary Sciences), Bo Li (A&S Data Science), F Ling (McKelvey Energy, Environmental & Chemical Engineering). Total: \$3,600,000 (\$740,063 my lab). September 2025-August 2030.

NSF SBE-BCS 2521874: Exploring the role of insects, gums, and the microbiome on the nutritional ecology of the cooperative breeding saddleback tamarin (*Leontocebus weddelli*). PI: L Porter (Northern Illinois University); co-PIs: EK Mallott, M Irwin (Northern Illinois University). Total: \$123,202 (\$22,684 my lab). August 2025-July 2028.

Non-governmental

Leakey Foundation: Hybridization between purple-faced and gray langurs in Central Sri Lanka. PI: R Salmi (University of Georgia); co-PIs: EK Mallott, A Lu (Stony Brook University), R Vandercone (University of Peradeniya). Total: \$30,000 (\$13,177 my lab). October 2025-December 2027.

Pending Support

Governmental

NSF-DEB: CAREER: Disentangling the influences of host genetics and environment on the gut microbiome in wild hybrid langur monkeys. PI: EK Mallott. Total Requested: \$1,808,359 (\$1,808,359 my lab). March 2026-February 2031.

NSF-SBE: Environmental exposures, gastrointestinal infections, and intestinal dysregulation: Testing the Hygiene and Old Friends hypotheses in low-resource U.S. communities. PI: TE Gildner (A&S Anthropology); co-PIs: EK Mallott, T Cepon-Robins (University of Colorado Colorado Springs); S Urlacher (Baylor University). Total Requested: \$133,887 (\$133,887 my lab). April 2026-March 2029.

Past Support

Governmental

NSF SMA-2313248: SPRF Postdoctoral Fellowship: Structural determinants of exposure and the gut microbiome. PI: C Chaney; co-PIs: EK Mallott, TE Gildner (A&S Anthropology). Total Costs: \$160,000 (\$0 my lab). July 2023-June 2026.

Non-governmental

Transdisciplinary Institute in Applied Data Science (TRIADS) Seed Grant: Legacy of Neglect: Linking flood hazards, pathogen exposure, and health inequities in Cahokia Heights, IL. PI: EK Mallott; co-PIs: TE Gildner (A&S Anthropology), C Masteller (A&S Earth, Environmental, and Planetary Sciences). Total Costs: \$90,827 (\$38,598 my lab). April 2023-December 2024.

ICTS Just in Time (JIT) funding: ELISA validation of T3, T4, and TSH from dried blood spots. PI: EK Mallott. Total Costs: \$4,585 (\$4,585 my lab). December 2023-December 2024.

Publications

1^ I am lead author or corresponding author

2^ My advisee, either student or postdoctoral fellow, is lead author or corresponding author

3^ I published this with my dissertation advisor or postdoctoral advisor

4^ I contributed a major fraction (>20%) to the paper, but neither I nor my advisees were lead authors

5^ I contributed less than 20% to this publication

In preparation/under review

1. 3^4^ AR DeCasien, J Aronoff, **EK Mallott**, S Kuthyar, Sriram Chitta, B Layden, ML Savo Sardaro, S Gray, LE Williams, E Liechty, W Lee, JP Curley, CW Kuzawa, KR Amato. Primate gut microbiota induce evolutionarily salient changes in mouse neurodevelopment. *In revision*. Proceedings of the National Academy of Sciences.
2. 1^2^ C Chaney, J Ong, L Kwak, K Grathwohl, S Wang, K Betts, J Beauregard, KL Nemeth, S Waimon, A Zhang, AB Shing, A Samsonov, B Ragunathan, S Urlacher, TJ Cepon-Robins, TE Gildner, EK Mallott. Income, diet, and education: Elucidating the causal pathway linking social determinants of health to changes in the gut microbiome in two low-resource U.S. communities. *In preparation*.

Preprints

1. ^{1^2^3^} BJ Gombash, PA Garber, PM Finnegan, AC McKenney, JC Bicca-Marques, MF De La Fuente, F Abreu, A Souto, N Schiel, KR Amato, **EK Mallott**. Diet, climatic conditions, and sex affect the mycobiome of wild common marmosets (*Callithrix jacchus*). bioRxiv 2025.07.06.663406. DOI: 10.1101/2025.07.06.663406.

Peer reviewed

Professional Talks and Conference Presentations

Invited Departmental Seminars

Center for Reproductive Health Sciences at WashU (November 2023); University of Pennsylvania (October 2023); Digestive Disease Research Core Center at WashU (January 2023); Living Earth Collaborative Seminary at WashU (November 2022); Univ. of Cal. Santa Barbara (March 2022); Washington Univ. in St.

Louis (March 2022); Univ. of North Carolina (February 2022); Tulane Univ. (February 2022); American University (December 2021); Univ. of North Carolina (March 2021); Univ. of Minnesota (January 2020); Boston Univ. (January 2020); Loyola Univ. Chicago (March 2019); Kent State Univ (February 2019); Univ. of Cambridge (September 2018); Loyola Stritch Medical School (May 2018); Univ. of Nebraska Omaha (February 2018); Univ. of North Carolina Charlotte (December 2017)

Other Invited Talks

EK Mallott. Impacts of flooding and infrastructure neglect on the human gut microbiome. Invited keynote speaker, 2024 Beneficial Microbes bi-annual conference in Madison, WI. July 2024.

EK Mallott. Dietary diversity and gut microbial plasticity in platyrrhine monkeys. Invited speaker, Wild Animal Microbiome Evolution Strategic Network seminar series of the European Society of Evolutionary Biology. Virtual. December 2022.

EK Mallott. The microbial reproductive ecology of primates. Invited keynote speaker, Living Earth Collaborative mDivE symposium, St. Louis, MO. October 2022.

EK Mallott. Host specificity of the microbiome. Invited speaker in the *Pathogen competition and co-evolution in the microbiome* symposium, European Congress of Clinical Microbiology and Infectious Disease annual meeting, Lisbon, Portugal. April 2022.

EK Mallott. Social and environmental factors associated with human microbiome variation. Invited speaker, Microbiome Centers Consortium Seminar Series. Virtual. March 2022.

EK Mallott. Metabolic contributions of the gut microbiome to the brain. Invited speaker in the *Microbiome and neurologic disease risk* symposium, International Society for Evolution, Medicine, and Public Health annual meeting, Zurich, Switzerland. August 2019.

Other Presentations and Posters

(# = WUSTL undergraduate; %: graduate student or postdoctoral mentee)

EK Mallott, M Turk, D Thisaru, A Lu, R Salmi, R Vandercone. The composition and function of the gut microbiome of two sympatric langur monkeys, *Semnopithecus vetulus* and *S. priam*. Talk presented at the American Society of Primatology annual meeting, Riviera Maya, Mexico. September 2024.

BJ Gombash%, PA Garber, PM Finnegan, AC McKenney, JC Bicca-Marques, MF de la Fuente, F Abreu, A Souto, N Schiel, KR Amato, **EK Mallott**. Diet, sampling season, and sex effect the mycobiome of common marmosets (*Callithrix jacchus*) from Brazil. Poster presented at the American Society of Primatology annual meeting, Riviera Maya, Mexico. September 2024.

C Chaney%, TE Gildner, TJ Cepon-Robins, K Grathwohl, A Samsonov, S Wang#, A Shing#, S Waimon#, J Ong#, L Kwak#, K Betts#, JB Thomas, KL Nemeth, A Zhang#, **EK Mallott**. Characterizing population variation in beta diversity across two infrastructurally similar populations in the U.S. Poster presented at the American Society for Microbiology Microbe annual meeting, Atlanta, GA. June 2024.

C Chaney%, TE Gildner, TJ Cepon-Robins, K Grathwohl, S Wang#, J Ong#, L Kwak#, K Betts#, JB Thomas, KL Nemeth, S Waimon#, A Zhang#, AB Shing#, A Samsonov, **EK Mallott**. Embodiment of water infrastructure: Gut microbiome characteristics and flooding in two U.S. communities. Poster presented at the Human Biology Association annual meetings, Los Angeles, CA. April 2024.

S Wang[#], TE Gildner, TJ Cepen-Robins, C Chaney[%], K Grathwohl, J Ong[#], L Kwak[#], K Betts[#], JB Thomas, KL Nemeth, S Waimon[#], A Zhang[#], AB Shing[#], A Samsonov, **EK Mallott**. Rural embodiment and community health study (REACH): Associations between water source and gut microbiome diversity in a low-resource U.S. community. Poster presented at the Human Biology Association annual meetings, Los Angeles, CA. April 2024.

EK Mallott. Gut eukaryome variation and gut microbial eukaryote-bacteria interactions in platyrrhine monkeys. Poster presented at the Gordon Research Conference on Animal-Microbe Symbioses in Lucca, Italy. June 2023.

EK Mallott, PA Garber, AC McKenney, PM Finnegan, JC Bicca-Marques, Antonio Souto, Nicola Schiel, Katherine R Amato. The gut microbiome of common marmosets (*Callithrix jacchus*) living in an extremely hot and dry Caatinga environment. Talk presented at the American Association of Biological Anthropology annual meetings, virtual. April 2021.

EK Mallott. Diet and the gut microbiome of platyrrhine monkeys. Presented at the Mammalian Microbiome Seminar (virtual postdoc-organized conference). 2020.

EK Mallott, ML Bergstrom, S Kawamura, L Fedigan, AD Melin. A test of the mutual benefit of association hypothesis for maintaining color vision polymorphisms in wild white-faced capuchins. Talk presented at the American Society of Primatologists annual meeting, Madison, WI. June 2019.

EK Mallott, KR Amato. Variation in butyrate-production pathways across human and nonhuman primates. Poster presented at the Gordon Research Conference on Ecological and Evolutionary Genomics, Manchester, NH. June 2019.

EK Mallott, KR Amato. Variation in butyrate-production pathways across human and nonhuman primates. Talk presented at the Congress on Gastrointestinal Function, Chicago, IL. April 2019.

EK Mallott, KR Amato. Variation in butyrate-production pathways across human and nonhuman primates. Talk presented at the American Association of Biological Anthropology annual meetings, Cleveland, OH. April 2019.

EK Mallott, KR Amato. The microbial reproductive ecology of white-faced capuchins (*Cebus capucinus*). Talk presented at the Maternal Infant Microbiome Symposium, University of Chicago, Chicago, IL. 2018.

EK Mallott, KR Amato. Seasonal changes in the metabolome of wild black howler monkeys (*Alouatta pigra*). Poster presented at the American Association of Biological Anthropology annual meetings, Austin, TX. April 2018.

EK Mallott, PA Garber, RS Malhi, KR Amato. Relationship between reproductive status and gut microbial composition in white-faced capuchins (*Cebus capucinus*). Talk presented at the Midwest Primate Interest Group meeting, Northwestern University, Evanston, IL. October 2017.

EK Mallott, PA Garber, RS Malhi, KR Amato. Relationship between reproductive status and gut microbial community composition in white-faced capuchins (*Cebus capucinus*). Talk presented at the American Association of Biological Anthropology annual meetings, New Orleans, LA. April 2017.

- EK Mallott**, PA Garber, RS Malhi. Vertebrate predation in white-faced capuchin monkeys (*Cebus capucinus*). Poster presented at the International Primatological Society meeting, Chicago, IL. August 2016.
- EK Mallott**, PA Garber, RS Malhi. Dietary correlates of gut microbiome composition in white-faced capuchins (*Cebus capucinus*). Talk presented at the American Association of Biological Anthropology annual meetings, Atlanta, GA. April 2017.
- EK Mallott**, PA Garber, RS Malhi. Dietary correlates of gut microbiome composition in white-faced capuchins (*Cebus capucinus*). Presented at the Midwest Primate Interest Group meeting, Fontbonne University, St. Louis, MO. October 2015.
- EK Mallott**, PA Garber, RS Malhi. Integrating DNA barcode data with behavioral and ecological data in a study of white-faced capuchin faunivory. Presented at the 6th International Barcode of Life Conference, Guelph, ON. August 2015.
- EK Mallott**, E Clausing, RS Malhi. Use of high-throughput sequencing to investigate white-faced capuchin prey choice. Talk presented at the American Association of Biological Anthropology annual meetings, St. Louis, MO. April 2015.
- EK Mallott**, E Clausing, RS Malhi. Use of high-throughput sequencing to determine animal prey present in the diet of wild white-faced capuchin monkeys (*Cebus capucinus*). Presented at the Midwest Primate Interest Group meeting, University of Wisconsin, Madison, WI. October 2014.
- EK Mallott**. Influence of fruit and invertebrate availability on patterns of spatial association in white-faced capuchin monkeys (*Cebus capucinus*) in northeastern Costa Rica. Talk presented at the American Society of Primatologists annual meeting, Decatur, GA. June 2014.
- EK Mallott**. Influence of variation in arthropod availability on the foraging ecology of white-faced capuchin monkeys (*Cebus capucinus*). Talk presented at the American Association of Biological Anthropology annual meetings, Atlanta, GA. April 2014.
- EK Mallott**, RS Malhi. Use of a fecal DNA sequencing technique to determine the composition of wild nonhuman primate diets. Presented at the Midwest Primate Interest Group meeting, Northern Illinois University, DeKalb, IL. October 2012.
- EK Mallott**, NA Bowling, CS Ionica, EA Kerschner, ML Miller, MFSX Novak, KL Robbins, and SJ Suomi. Effect of number of close relatives on infant developmental milestones in socially housed *Macaca mulatta*. Poster presented at the American Society of Primatologists annual meeting, Louisville, KY. June 2010.
- EK Mallott**. Patterns of travel route and feeding site use in white-faced capuchins. Poster presented at the Midwest Primate Interest Group meeting, Kent State University, Kent, OH. October 2011.
- EK Mallott**, MFSX Novak, KL Robbins, CS Ionica, ML Miller, EA Kerschner, and SJ Suomi. Development of infant-mother independence in *Macaca mulatta* housed in modified nuclear-family housing. Poster presented at the American Society of Primatologists annual meeting, West Palm Beach, FL. June 2008.

EK Mallott, M Heavner. Nightly foraging patterns of bats on Prince of Wales Island, Alaska. Poster presented at the North American Symposium on Bat Research, Sacramento, CA. October 2005.

Awards

2016	American Association of Anthropological Genetics' Outstanding Trainee Presentations in Anthropological Genetics Poster Prize at the AAPA annual meeting
2016	Demitri B. Shimkin Award for a superior paper in anthropology, Department of Anthropology, UIUC
2012	George A. Beslow Award in Anthropology and Sociology, Department of Anthropology, UIUC
2011	National Science Foundation Graduate Research Fellowship

Teaching

Semester	Course	Responsibilities
Spring 2023	Biology 349: Fundamentals of Microbiology, 4 credits	Co-Instructor; 100 undergraduates
Fall 2023	Biology 3171: Biology for Climate Change Solutions	Co-Instructor (1 of 4); 12 students
Spring 2024	Biology 349: Fundamentals of Microbiology, 4 credits	Co-Instructor; 82 undergraduates
Spring 2025	Biology 349: Fundamentals of Microbiology, 4 credits	Coursemaster; 61 undergraduates

Student Advising and Supervision

Mentees

Postdoctoral trainees

Benjamin Gombash (2023-present)

Carlye Chaney (2023-2025, currently an Assistant Professor at the University of Missouri)

PhD advisees

David Hernandez (EEB, 2024-present)

Ting-Shuo (Bryce) Nien (PMB, 2025-present)

Tasman Ezra (EEB, 2025-present)

PhD rotation students

Ting-Shuo (Bryce) Nien (PMB, Spring 2025); Tasman Rosenfeld (EEB, Fall 2024); David Hernandez (EEB, Summer 2024)

Undergrad research mentoring

Mimi Regier (2024-present); Juliet Ainsley (Center for the Environment Summer Research Scholar, 2024-present); Dev Mukundan (2024-2025, currently a clinical research coordinator at Brigham and Women's Hospital); Simone Hotter (2024, currently a senior at Brandeis University); Leena Kwak (2023-present); Shan Wang (Harrison D. Stalker Award winner, 2023-2024, currently a Medical Assistant at Piedmont Health Services); Jennifer Ong (2022-present); Kaylaa Betts (2022-2023, currently at Millipore Sigma).

Qualifying exam committees

Noah Clayton (EEB, 2025); Dong-gyu Kim (PMB, 2024); Kyra Raines (MMMP, 2024); Brian Gallagher (PMB, 2023)

Thesis committees

Brian Gallagher (PMB); Philippa Tanford (EEB); Israt Jahan (EEB); Calum Stephenson (EEB); Mahal Bugay (EEB); Vibert Putra (MMMP), Noah Clayton (EEB, committee chair)

Undergraduate advising

Current Biology Major Advisees: 16

Past Biology Major Advisees: 1

Service

Biology Department Service

2023-present WashU Undergraduate ASM Chapter, Faculty Advisor
2022-present Curriculum Committee, Member
2024-2025 Biology Faculty Search Committee, Member, Rules of Life Cluster Hire
2023 Biology Faculty Excellence Task Force, Member
2023 Spector and Quatrano Award Committee, Member

Division of Biology & Biomedical Sciences Service

2022-present EEB Admissions Committee
2022-present EEB Steering Committee
2024-2025 PMB Admissions Committee

Professional Societies

2023-Present American Society for Microbiology
2019-Present International Society for Evolution, Medicine, and Public Health
2018-Present International Primatological Society
2013-Present American Association of Anthropological Genetics
2010-Present American Association of Biological Anthropologists
2007-Present American Society of Primatologists

Conferences/Meeting/Workshop Organization

2023 Program Committee, International Society for Evolution, Medicine, and Public Health annual meeting, Los Angeles, CA
2021-2023 Member, Microbiome Center Consortium Seminar Series Committee
2017 Co-organizer (with K. Amato and S. Rosenbaum), Midwest Primate Interest Group annual meeting, Northwestern University, Evanston, IL

Scientific Review and Service

Journals

Reviewer (~12 papers reviewed annually): American Journal of Biological Anthropology, American Journal of Primatology, Animal Behaviour, Animal Microbiome, Current Biology, Current Zoology, eLife, Environmental Microbiology, Evolutionary Anthropology, International Journal of Primatology, Microbiome, Molecular Ecology, mSphere, mSystems, Nature Communications, Oecologia, PeerJ, PLoS One, Proceedings of the Royal Society B, Royal Society Open Science, Scientific Reports, Trends in Microbiology, Wildlife Research

Grants

Ad-hoc reviewer (~4 grants reviewed annually): National Science Foundation, The Leakey Foundation, FWF Austrian Science Fund, Israeli Science Foundation

Outreach

2025-present	Facilitator, Cahokia Heights Citizen Science Water Quality Testing Program
2018-2019	NU Morning Mentors Program, Evanston, IL.
2017-2018	Judge, Poster Presentation Competition, Computational Research Day, Northwestern University.
2017	STEM Professional, Project Exploration Sisters4Science program, Chicago, IL.
2017	Volunteer, Expanding Your Horizons Workshop, Chicago, IL.
2011-2016	Environmental education volunteer, Champaign County Forest Preserve District.
2014-2016	Volunteer, Fruit Forensics program, Champaign Public Library.
